Nursery Children Cooking in School - Yearly Contribution

Dear Parents/Carers,

We would like all the children in our foundation classes to have the opportunity to cook, bake and try new foods in school. The children are always highly engaged and excited about these opportunities and they develop many skills too!

Nursery children will be baking and making every Friday. In order to fund this experience, we would like to request a voluntary contribution of £1 per half term. Therefore, could you please make a voluntary contribution of **£6.00** for the academic year via ParentPay. You should have all received your login details to ParentPay, however should you require another copy or a barcode to pay at your local PayPoint, please contact the main office.

Once COVID measures are dropped, if you would like to help out with baking in school, please let the teacher know – you will be made very welcome and your child will be thrilled!

Thank you for your support.

Yours sincerely,
Miss N. Gay
