

10 March 2023

An EGG-citing opportunity!!

Dear Parents/Carers,

Next half term, the children are going to be learning all about GROWING in our 'On The Farm' topic. We are going to be looking at how plants, animals and humans grow and change. As you know, we love to provide the children with engaging and hands on experiences to bring their learning to life.

We are delighted to have arranged for the children in Reception to be involved in a 2-week egg hatching programme in their very own classrooms! We will have a delivery of eggs in an incubator on the week beginning 24th April and we will be provided with everything we need to look after our eggs when they hatch! We are certain the children are going to be amazed and intrigued by their new little classroom friends and they will learn so much about how to care for living things and watch them hatch, grow and change.

We are asking for a contribution of **£3.50** per child to enable us to have this experience in school. This will be payable via ParentPay. We are asking for contributions to be paid by Thursday 30th March. If you cannot contribute the full amount then please donate whatever you can to help us pay for this experience. If we do not have enough contributions then we will unfortunately not go ahead. If you require a barcode to pay at your local PayPoint, please contact the main office ASAP.

Thank you for your support.

Yours sincerely,
Mrs N Stringfellow
Assistant Principal & EYFS Leader
