

Get Up-to Speed With STEM

Dear Parent/Carer,

On **Thursday 19th March** all our Year 6 pupils have been invited to take part in a 'get up to speed' interactive event. Get up to Speed is a chance to see some of the UK's most exciting engineering inventions, and network with the people who design, build and operate them!

The event is taking place at Magna Science Adventure Centre, the coach will be leaving school at 9.30am and we will finish at 2.15pm therefore, depending upon traffic, we should return for normal pick up arrangements.

Please ensure that your child is appropriately dressed in full school uniform. *(Strong sensible shoes are a must-trainers are ideal) The activities do take place inside but the building is not heated therefore we would strongly suggest children also wear their coats!*

If your child is a free school meal then a school packed lunch will be provided for your child, All other pupils will need a packed lunch in a named carrier bag and a bottle of still, plain water. No chocolate or sweets please.

In order to cover the cost of what we hope will be an amazing experience, we are asking for £8. If you would like to know a little more about what your child will be doing then, please check out website

<http://www.getuptospeed.org.uk/home/About> This is payable on ParentPay. If we do not receive sufficient contributions the visit will not be able to go ahead as school does not receive any type of funding for visits

Please can you make payment and return the attached reply slip to school before Friday 6th March.

Thank you for your continued support

Mr McCurdy Mrs Sutton

Year 6 Teachers

I give my permission for my child..... Class.....
to visit Get up to Speed, engineering workshop on Thursday 19th March

- ☐ I have paid using parent pay.
- ☐ I will provide my child with a packed lunch for the visit.
- ☐ Please order a pack lunch for my child (**FREE SCHOOL MEALS ONLY**)
