30 June 2020

Dear Parent/Carers,

We are delighted to inform you that we are now using an app called 'Tapestry' to record our observations and assessments in Nursery and Reception.

The main reason we have chosen to switch to this app is because of the great opportunities it provides parents to engage with and contribute to their child's early year's profile. You will be able to add to your child's 'All About Me' page, add observations of your child and complete activities set by the teachers.

When we start the new school year, you will be able to continue to do this but you will also be able to see and comment on observations of your child completed by the teachers within school!

You will be receiving an email within the next week to activate your account. If you do not receive an email then please email reception@sandringham.school

We can set up more than 1 relative per child. For now, we have set up the email given to us from your application to school. If you would like further relatives adding then please email us at reception@sandringham.school

Please visit the school website <http://www.sandringham.school/newstarters> for some very helpful guides of how to use the Tapestry app.

Kind Regards,

Miss Gay
